

y-SIS Newsletter

Get ready for a busy early summer!

The next months are packed with exciting events for the y-SIS community! From StaTalk 2026 to Stats Under the Stars, and the SIS-FENStatS conference, there will be many opportunities to meet, present your work, and connect with fellow statisticians. Don't forget to take part in the SIS awards and apply before the deadline! Stay tuned, check your emails, and follow us on social media to not miss any updates. Follow us on [Twitter](#), [Instagram](#), [Facebook](#) and [LinkedIn](#)!

StaTalk 2026

TORINO, MAY 21-22

Only one week left until StaTalk 2026! The event will take place on **May 21-22 in Turin**

This year's program will cover a wide range of topics in modern statistics and data science, including **computational statistics, medical and biostatistics, social statistics, machine learning, Bayesian methods, and applications of statistics in real-world problems.**

We are happy to share that we received **36 poster submissions!**

The *mentoring session* on **May 22, 14:30-16:00**, will be held by **ADI Torino**, and will focus on academic precarity and career perspectives in academia, with space for discussion and questions from participants.

In addition to the scientific program, a special activity is planned! A **guided tour of Turin** on **May 21, 10:00-11:30**, led by a very special guest, **Filippo Ascolani** (Duke University & CCA). Participation in the tour is free, but registration is required by **May 15** through this [form](#).

Keep up to date by visiting the [conference website](#).

Stats Under the Stars 9

ROMA, JUNE 21-22

The ninth edition of **Stats Under the Stars (SUS9)** will take place in Rome at Sapienza University during the night between **June 21 and 22. We are ready to get started!**

We are incredibly happy to share that we received **28 applications** to participate in this year's edition. Thank you all for the huge interest and enthusiasm you have shown toward SUS9. Every year the event keeps growing more and more, and we truly hope this spirit will continue in the future editions as well.

You can find the current waiting list on the [participants page](#). If any team withdraws at the last minute, you may still have the chance to be admitted!

We still do not want to reveal too many details about the challenge, we like the idea of keeping a bit of surprise and making the competition even more exciting for all participants!

Stay up to date with all the latest news about the competition and the participating teams by visiting the [SUS9 website](#)!

y-SIS Awards!

SIS-FENSTATS 2026

Don't miss the chance to apply for the **y-SIS Awards!** During the *y-SIS General Assembly* (**Tuesday, June 23, 12:45-14:15, Aula Gini**), two prizes will be awarded to recognize outstanding contributions by young statisticians: the **Best Young Contribution Award** and the **Best PhD Student Contribution Award**.

All y-SIS members presenting a contribution at the conference are eligible to apply. The PhD award is open to current PhD students and recent graduates after **June 30, 2025**.

Applications must be submitted by **May 17** through this [form](#).

SIS-FENStatS 2026

ROMA, JUNE 22-25

Don't miss the solicited sessions organized by y-SIS: *New perspectives in multi-omics data integration methods* (**Monday, June 22, 17:45-19:15, Aula III**) and *Theory and applications for directional data* (**Wednesday, June 24, 16:15-17:45, Aula Gini**).
